## Gifts to Auburn's Annual Giving Reach All-Time High

Auburn Annual Giving support from alumni and friends of the University rose to an all-time high in 1972: \$354,978.32. The gifts of 708 alumni entitle them to special recognition for their support of Auburn: 42 made the President's Club, 39 the Dean's Club, and 627 the Century Club.

Of the \$354,968.32 contributed to Auburn Annual Giving, \$109,857.15 was designated to the School of Veterinary Medicine for its program to buy equipment for the new buildings of the School.

Another \$100,000 is pledged to the Alumni Association's Student Loan Fund which is in the process of setting up a half-million dollar endowment for student loan funds to supplement the ever-dwindling funds from the Government's National Student Loan Fund.

Other funds will be used to support the revamped Alumni Professorship Program will provide salary supplements to 15 professors designated as Alumni Professors and to an Alumni Artist-in-Residence and an Alumni Writer-in-Residence. Remaining funds will support assorted departments and programs according to special need or according to designation by the person making the gift.

Although the amount of money given to Auburn's Annual Giving Program in 1972 is substantially above last year's \$276,078.68, the number of donors dropped — from 3,000 to 2,605, the all-time low for the number of contributors to the Annual Giving Program which began in 1965 with 2,900 Charter Contributors and rose as high as 4,500 in 1970.

# Auburn Annual Giving for 1973

On the front page of this issue you will find numbers of students enjoying the February snow storm (and its aftermath) that took Auburn and the surrounding countryside by surprise on a February Friday morning. The result was a snow ball for the Auburn students and townspeople as snow depths reached a high for this century, reaching almost a foot deep in many places.

Such a snow is a one-time event for Auburn students. But Auburn Annual Giving is not.

Some of those happy faces enjoying the snow would not have been here to enjoy it without the support of Auburn alumni and friends through the Annual Giving Program that provides funds for student loans, as more and more students are finding financial help necessary to go to college.

As government lack of support of higher education is becoming more and more apparent, the result will be felt all over the Auburn campus in many and perhaps, unexpected, ways.

Students won't find federal money for loans, and as fees go up again (effective summer quarter), more students are going to need those loans.

Government research support has already been curtailed and indications are that it will become more so in the future. Yet society needs the anti-pollution research that is now going on at Auburn, and the results it can provide.

Auburn needs the teachers whose contracts won't be renewed. It needs equipment that state funds and tuition don't supply.

To be honest, Auburn needs your help.

Auburn's Annual Giving Program was the biggest success in dollars and cents this year than ever before — but the number of contributors went down. And each contribution is needed.

If you were one of those who had given in past years, but who did not give in 1972, please renew your support of Auburn this year.

If you have never given to Auburn Annual Giving, please make this year a first. You never know who you might help educate — a great scientist, a great teacher, or just a great human being who in larger numbers will help make the world a better place for all of us.

The coupon below is for your convenience. Auburn thanks you.
